To the Managing Members Adelphia Capital LLC

We have audited the accompanying statements of financial condition of Adelphia Capital LLC as of December 31, 2003, and the related statements of operations, members' capital and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in conformity with generally accepted accounting principles, the financial position of Adelphia Capital LLC as of December 31, 2003, the results of its operations and cash flows for the year then ended.

Our audit was made for the purpose of forming an opinion on the basic financial statements, taken as a whole of Adelphia Capital LLC. The supplemental information is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a -5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2003

NOTE 1 -- ORGANIZATION AND NATURE OF BUSINESS

Adelphia Capital LLC(the "Company") is registered as a broker and dealer in securities under the Securities Exchange Act of 1934.

The following is a summary of significant accounting policies followed by the company

- a) Accounting Method
 - Assets, liabilities, income and expenses are recorded using the accrual basis of accounting
- b) Depreciation and Amortization

Fixed Assets are stated at cost. Depreciation is provided using the straight-line method over the estimated useful lives of the assets.

NOTE 2 -- NET CAPITAL REQUIREMENTS

The company is subject to the securities and exchange commission's uniform net capital rule (rule 15c-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined shall not exceed 15 to 1. At December 31, 2003, the Company had net capital of \$14,380 which was \$9,380 in excess of the amount required.

NOTE 3 – RELATED PARTY TRANSACTIONS

The Company rents office space from Adelphia Holdings LLC, an affiliated company. The Company had rent expense of \$6,000 for the year ended December 31, 2003. It also paid to Adelphia Holdings LLC a management fee of \$3,600 for other expenses incurred.

There is no difference between this audited computation of net capital and that included in the Company's unaudited December 31, 2003 Focus PartIIA filing.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL ACCOUNTING CONTROL

To The Managing Members Adelphia Capital LLC

We have examined the financial statements of Adelphia Capital LLC for the year ended December 31, 2003 and have issued our report therein dated February 7, 2003. As part of our examination, we made a study and evaluation of the Company's system of internal accounting control (which includes the procedures for safeguarding securities) to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of our study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the financial statements.

We also made a study of the practices and procedures followed by the Company in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-13 (a) (11) and the procedures for determining compliance with the exemptive provisions of Rule 15c 3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of control procedures and practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the

Commission's above-mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from the unauthorized use of disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal accounting control procedures or the practices and procedures referred to above, errors of irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future period is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of Adelphia Capital LLC as a whole. However, our study and evaluation disclosed no condition that we believed to be a material weakness.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2003 to meet the Commission's objectives.

This report is intended solely for the use of management and the Securities and Exchange Commission and should not be any used for other purpose.

John Comparet
